LINDA LUDWIG & JAMES CURLE **Directors/Writers**

Linda and James' short film MAN OF THE HOUR was awarded "Best Short Film" at the AmPav Emerging Filmmaker Showcase during the Cannes Film Festival 2018 and went on to have its World Premiere at the famous Chinese Theatre in Hollywood. They completed an outstanding festival run, securing 4 wins and 7 nominations, including Best Director. Their film was reviewed as "among the best short films ever" by MovieViral. Three times Oscar-Nominee John Logan described their short as "a beautiful film, a richly realized slice of life with touching shadows of heartbreak. Elegant, evocative and emotional, the film captures a true and difficult moment of life and explores it gracefully".

In 2023, they completed their latest film UNDER THE BLUE which is now on the festival circuit, already BIFA-qualified and Winner of the Best Director Drama Honourable Mention in the London Director Awards 2024.

In 2021, Linda & James's debut feature script MAN WITHOUT HEART, a drama about neurodiversity, placed as Quarterfinalist in the Raindance Script Competition, one of only 30 screenplays selected worldwide, receiving an incredible score card of 9.1 out of 10 overall. Shortly after, it was placed as a Quarterfinalist in the ScreenCraft Feature Competition.

As a neurodivergent/autistic directing duo, they are interested in stories about unique perspectives; about characters who don't fit the convention. Their work has been screened at the majority of leading UK festivals qualifying for the BAFTA, such as Leeds International Film Festival, Aesthetica Short Film Festival, UnderWire Film Festival, Foyle Film Festival and Cambridge Film Festival. Internationally, they have screened at Oscar-qualifying festivals.

Linda & James trained in film production at Oxford Brookes University and both hold a 1st Class Honours Degree in Film Studies, including a 3-year focus on Screenwriting and Film Form. They were each awarded "Best Film Project" upon graduation in 2013 and 2014 respectively and Linda was awarded the "Student Film Award, for overall achievement in filmmaking".

As part of their extensive and ongoing work training professional screen actors, Linda & James have been screen tutors at The Actors Centre, founded by Anthony Hopkins, since 2018. They run private training for selected screen actors working in film and TV by BBC, ITV and Channel 4 among others.

In 2021, their music video ALONE was selected as one of 24 music videos worldwide to screen at the renowned BAFTA-qualifying Aesthetica Short Film Festival.
